Tom Cheek, the Chinaman taken off the ship Columbian recently by federal officers on a charge of being unlawfully in the United States, was released on a bond of \$1,000. He will be given a preliminary hearing before U. S. Commissioner C. S. Davis at 10 o'clock tomorrow morning.

The last indictment returned by the federal grand jury and retained on the secret file was made public yesterday when Deputy U. S. Marshal D. K. Sherwood departed on the Mauna Kea for Lahaina, to arrest Pang See. The Chinaman is accused of a statutory offense.

At a meeting of the trustees of the chamber of commerce yesterday afternoon a resolution of thanks was passed to George McK. McClellan for his services as secretary of the Delegate at Washington for the past five years.

It was moved by E. H. Wodehouse and seconded by L. Tenney Peck. This was the first meeting since President F. F. Bishop's taking office, and he urged regular and punctual attendance upon the trustees.

Long Hing and Lum Kee, the two Chinese arrested at Port Allen last Sunday on a charge of opium smuggling, were brought to Honolulu yesterday by Deputy U. S. Marshal Sherwood and taken before Commissioner Davis. On the recommendation of U. S. District Attorney Breckons the charge against Lum Kee was dismissed.

On the ground that there was insufficient evidence to convict, Long Hing was given a partial hearing, asserting that the ten tins of opium were found concealed in a bucket of candy, which Long Hing had in his possession.

**SUN ECLIPSE**  
**OCTOBER 10TH**

Totality in Brazil—Will Not Be Visible Here

An eclipse, be it of the candidate for poundmaster or the center of the solar system, is always an interesting event. There will be an eclipse of the sun on October 10, but, unfortunately, it will not be observed from any part of Hawaii. The point of totality will be in the vicinity of the city of Rio de Janeiro, in Brazil. At the present time there are a large number of astronomers and observers on their way to that city for the express purpose of making notes and getting views of the phenomenon.

On application to Professor Donaghoo of the College of Hawaii, he furnished the Star-Bulletin with the following facts regarding the eclipse: Total eclipse of the sun October 10, 1912. Total phase begins in the Pacific Ocean north of the Galapagos islands, and sweeps in a southeasterly direction across South America, passing near Quito and Rio de Janeiro, and ending about midway between Madagascar and the south pole. Entirely invisible at Honolulu, as the shadow will meet the earth about thirty minutes after midnight and leave it at about 6:30 a. m., Honolulu time. The maximum length of the totality, near Rio de Janeiro, will be about one minute and fifty-five seconds.

## LEE EXPECTED ON THE NILE

General Lee passed through Honolulu some four months ago at that time he was almost blind. He was obliged to keep within his cabin because of his affliction, and at that time but a limited number of prominent local Chinese were permitted to visit the official.

General Lee is said to have placed himself in the hands of the best medical men on the mainland. His blindness was brought about through the bursting of a blood vessel. For some weeks past he has been resting at Ocean Park and has announced his decision to return to the Republic of China at the first possible opportunity.

The Nile in which the prominent advisor to the Chinese government is supposed to be a through passenger, will berth at Alakea wharf. During the stay here the Nile will be given 700 tons coal. Six lay-over passengers are to leave the liner at this port, for a later vessel to the orient.

At the agency of H. Hackfeld & Company, thirty cabin passengers are booked for the Far East including a score or more members of the Far Eastman Company who are to open engagement at theaters in Shanghai, Hongkong and Manila.

Last night the squadron camped at Waimoa, men and horses getting the unusual opportunity of a long refreshing swim in the sea. There was an interesting maneuver yesterday afternoon, and today the squadron marched to Kahuku and back to Waimoa. Tomorrow the march to Scherfield will be made. The squadron, which includes troops 1, 5, 1, and 11, is in command of Captain Hall of M troop.

The admirers of the coat and skirt may take courage. It is soon to be in fashion again to its fullest capacity.

The third squadron of the Fifth Cavalry will return to Lihue tomorrow, after a four-day practice march that has been successful from the start. Men and horses are in fine

condition, and have admittedly received much benefit from their few days in the field under the conditions that would prevail if the cavalry was called into action in time of war.

## KAHN TRUSSED BAR

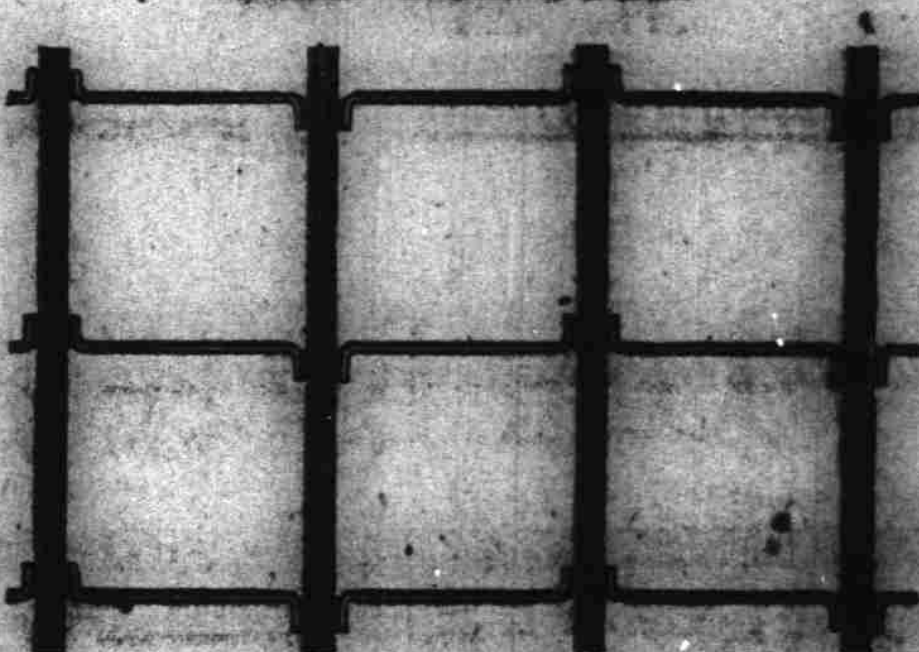

The only bar with rigidly connected shear members. Use it in all girders and beams. Does away with stirrups—is exceedingly labor and time-saving.

## CUP-BARS

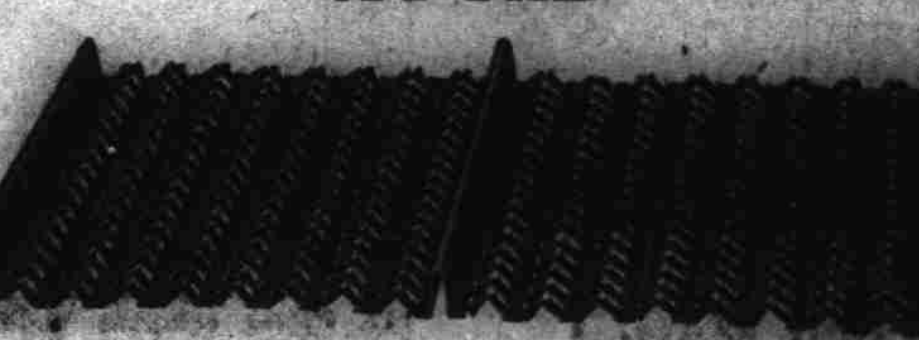

A square deformed Bar ideal for Columns, Floors and Walls. Perfect Bond with concrete.

## RIB-METAL

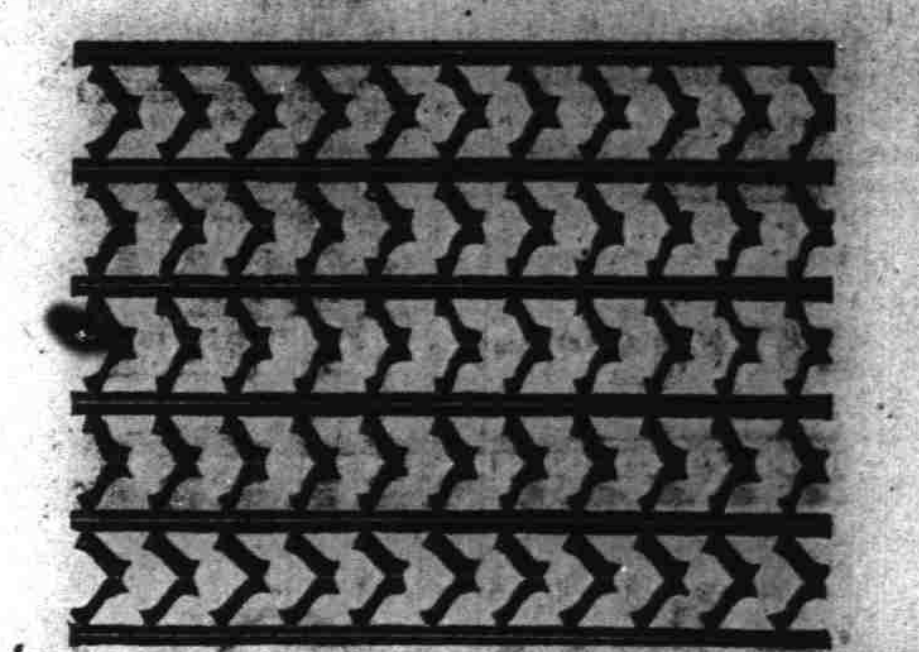

Use it in Floors and Walls. Is essentially a bar reinforcement—nine separate bars handled as one piece. 100 sq. ft. laid in same time as a single bar.

## HY-RIB

Hy-Rib is a steel sheathing stiffened by rigid deep ribs. No wood forms required in floors and roofs—no studs used in walls and partitions.

## RIB LATH

Note the Ribs in this Lath. Absolutely rigid, no bending while plastering, and wider distance between struts possible. Less plaster used than any other Lath in the market. Best Lath for stucco houses.
